OLD LADY
FEELING FINE

After Taking Four Bottles Of
Cardui, The Woman's Tonic.

Golden, Ill.—"Having used Cardui,
the woman's tonic, in my family, for a
number of years," writes Mrs. Kate
Mott, of this town, "and always with
such good results, I feel it my duty to
write you about it, so that you may
publish my letter.

My mother is living with me, and
she is 52 years old. For the last three
or four years, she has been troubled
a great deal with cramping spells, and
for days at a time, she would have a
severe headache.

She read of how much Cardui has
helped other women who were sick
and ailing, and decided to give it a
trial. She began taking it three times
a day, and since then has been getting
along simply fine.

Mother only used four bottles of
Cardui, but she is no longer troubled
with the severe headaches, and her
stomach is so much stronger that she
can eat most anything.

We both feel that any lady who is
not strong and well, would be greatly
benefited by the use of Cardui.

by dogs. Several of his finest lambs
have been killed. All neighbors who
have dogs are requested to keep them at
home, for they will be shot if seen
bothering the sheep.

Children are being kept busy this
week for our Children's day program,
which will be given next Sunday night.

Bob Pope joined a crowd of men on a
fishing trip Friday night. We have
not heard any great fish stories, so we
suppose they had fisherman's luck.

Mrs. Link Milton is entertaining
company this week.

Chas. Elting and wife entertained
relatives Sunday and a picnic dinner
was spread on the lawn, which more
than satisfied the hungry feeling of the
55 present. In the evening the freezers
were brought out and cake and cream
was enjoyed by all. The following
were present: Edgar Maxwell and wife,
J. W. Edwards and wife, Frank Elting
and wife, Lewis Hedrick and wife,
Thomas Edwards and wife, Joe Edwards
and wife, Ida Elting, Mrs. A. Hedrick,
Isaiah Elting, Will Montgomery, John
Elting and wife, Misses Alpha Elting,
Bertha Montgomery, Fern Hedrick,

ter Paul Edwards, Irwin Elting, Walter

What Shall the Harvest Be

The harvest is here and the sound
of the Reapers can be heard in all
directions. The farmers who used
Swift's Fertilizers are wondering what
they will do with their money when
they market the wheat crop, for the
quality and yield is good, the price is
all right and everything is lovely.

Let us speak a word on Preparedness: If you want to
use Fertilizer, whether you use Swift's or any other good
make, you had better get it early on account of shortage
in Fertilizer and the cars to ship it. We are shipping it
now to be ready for the rush and would appreciate your
orders now. All orders we take are subject to cancella-
tion if you do not need it or can beat the price.

Come see your Humble Servants.

Ladies Must Defend Old Glory

The demands of the Government as well as the pri-
vate business concerns cause us to put forth an extra ef-
fort to prepare young women to take places in the offices
made vacant when the young men must follow the flag.
Girls must be patriotic as well as the boys and this is one
very essential way in which they can show their loyalty
to the flag. Our summer school will have no vacation
so you should start now and be ready to go into the office
before the end of the year. We are making special rates
to all during the summer. Write for special proposition.

"Save the Waste
and Win The War"

Herbert Hoover, chairman of the National
Commission for the Conservation of Food
Supplies, has sounded the call for recruits
in the war against waste. This commission
is recruiting almost entirely among women,
who directly handle all our food. Mr. Hoo-
ver insists that if we Save the Waste we
will Win The War.

Every woman knows that quality in food
is the best sort of economy because there is
less waste and more food value to the pound.
